Undergraduate Psychology Program

Semester-wise Course Curricula

Subject prerequisites: Open to all.

Program Outcome (After 3 Years)

The learning outcomes that a student should be able to exhibit on completion of a degree level

program in Psychology are as follows:

(i) Comprehension about the discipline, its research methods, related theories and models.

(ii) Knack to link up theory with individual experiences and varied applied settings.

(iii) Capacity to practice professional skills in the area of psychological testing, assessment

and counseling.

(iv) Development of skills in specific areas related to specific specialization (e.g. psycho-

diagnostics, counseling, learning disability, health, community mental health and

organizational behavior).

(v) A general understanding about how knowledge of psychology can be applied to benefit

the management and/or amendment of problems of mankind.

(vi) Capability to articulate ideas in appropriate manner, with scientific writing and authentic

reporting.

(vii) Sensitivity towards diverse contexts, ethnic groups, minorities, marginalized groups and

gender issues

(viii) Development of skills and attributes of empathy, team work, coordination, cooperation,

conflict resolution, and congruence.

Semester I

Paper 1

Theory

Progra	nm/Class: Certificate	Year	:: First	Seme	ster: First
		Subject: 1	Psychology		
	Course Code: A09010)1T	Course Title: I	Basic Psycholo	ogical Processes
Course	Outcome: The stude	ents will learr	about the fur	idamental pro	cesses and core
psycholo	ogical concepts, models	, classical theor	ies, varied perspe	ctives, and wil	ll be able to apply
them in	their own and in others	s lives. It will a	also give the learn	ner a clear und	derstanding of the
concepts	s like intelligence, motiv	vation, emotion	and personality.	It will develop	critical analytical
skills re	garding these individual	istic traits.			
	Credits: 4		(Core Compulso	ory
	Max. Marks: 25+7	5	Min. 1	Passing Marks:	: 10+25
